Subject: Microsoft settlement

The provisions of the agreement in the Microsoft settlement are tough, reasonable, fair to all parties involved, and go beyond the findings of Court of Appeals ruling. Consumers, including myself, overwhelmingly agree that the settlement is good for us and the American economy, and we, overwhelmingly, want to move beyond this litigation. Yet 9 state's attorney generals refuse to listen to the citizens they serve, and refuse to accept the settlement.

It is long past time to take whatever action is necessary to get them on board and move on (a 2x4, maybe)! This process has gone way past helping the public, and is now actually doing harm.

Thank you,
